

Titleist introduces two new high performance golf balls

Already the No. 1 golf ball in the world, Titleist has taken another step to gather even more golfers with their newest high-performance golf balls.

The Titleist NXT® Tour golf ball is designed to low driver and long iron spin for outstanding commanding short game scoring performance and feel. This advanced multi-component golf ball large dual core with a soft center, soft Fusablend spherically tiled 302 octahedral dimple design.

deliver distance, soft features a cover and

The Titleist NXT® Tour S golf ball is designed to

NXT Tour performance with softer compression feel. This golf ball features a proprietary soft compression, highly resilient core, and, like NXT Tour, utilizes a soft Fusablend cover and a spherically tiled, 302 octahedral dimple design. The NXT Tour S golf balls are available in white and high optic yellow.

deliver

Both golf ball carry a MSRP tag of \$44.00 per dozen. For more information on this golf ball go to Titleist.com. You can also consult any local pro shop or the Carolina Golf Journal golf retailer sponsors.
