

THE ADVANTAGES OF USING A REALTOR®

PRICING

By providing valuable information on local market conditions, your REALTOR® will help you price your property realistically and fairly. You will also be informed of changes in the market that may affect the sale of your property.

ADVERTISING

Exposure of your property is key to obtaining a quick sale in today's market. When you use an agent, they will aggressively market your home through highly targeted advertising, aiming to reach as many potential buyers as possible.

By utilizing a variety of marketing tools, including Multiple Listing Services, advertisement in trade magazines, Internet, and national referral networks, your REALTOR® will ensure that your home is sold expediently.

SCREENING

Finding the right buyer is the ultimate goal of selling a property. Hence, the real estate professional will only show your property to serious qualified buyers.

The REALTOR® has the experience to research and investigate all potential buyers, exclusively managing the time-consuming aspects of selling a home - like fielding constant telephone inquiries, setting up appointments and holding open houses.

NEGOTIATION

A REALTOR® can help you get top dollar for your home because negotiating is one of their areas of expertise.

Bargaining for the best terms & price, acting as a mediator to smooth over any potential conflicts between you and the seller, and drawing up a legally binding contract is what you can expect from your trained professional.

CLOSING

Not only will your REALTOR® guide you through the complexity of paperwork that ensues during a home sale, they will also keep you informed of everything from the escrow process to the inspection procedures.

Your agent can monitor the transaction while it is in escrow, and competently handle any problems that may arise.

PROFESSIONALISM

Think of a REALTOR® as the only trained professional who has the ability to sell your property quickly and cost-effectively.

REALTORS® are proven professionals!
